

Attention All Members!

Multi-Factor Authentication (MFA) starts 1/6/25

Introducing Enhanced Security for your Online and Mobile Banking Experience!

At Bridge Credit Union, your security is our priority. To better protect your accounts and personal information, we are introducing Multi-Factor Authentication (MFA) for online and mobile banking.

What's Changing?

Starting January 6, 2025, you'll be asked to verify your identity using a second form of identification such as a one-time passcode sent to your mobile device or email.

Why MFA?

This added protection helps safeguard your accounts from unauthorized access, ensuring a safer banking experience for you.
